They have found us

These extraterrestrials have landed on our planet, but have come in peace to help the human race.

Aliens are Here

There is only one kind of alien they are called AVE

They have blue skin with scales. They have search the universe to find other intelligent life, and have come across our plant to find what they were looking for .

The president has communicated with them

They have come in peace and would like to help make our world a better place.

The president said: These aliens are our friends we welcome them to our planet.

The AVE have named us the creation from above.

The human race can be great again with the help of AVE
